Summary of reasons for decision:

The image file depicts a nude female from behind. The Classification Office has considered whether the image promotes or supports, or tends to promote or support the exploitation of young persons for sexual purposes and has concluded that it does not. While the subject's body appears youthful, there is insufficient information available in the image to conclude that she presents as a young person. She could equally be considered a young adult. The image file is therefore classified as unrestricted. This classification is consistent with the right to freedom of expression under s14 of the New Zealand Bill of Rights Act 1990.
